College Transfer Education – Green River Community College will provide programs and services that prepare learners for transition to and success in further degree programs.

**Core Objectives**

- **Access** – increase student access through availability of needed classes, advising, collaboration among programs and alternative educational strategies with special attention to diverse student populations
- **Success** – increase student retention, completion, transfer rates, and proficiency in four-year programs for all students with special attention to diverse student populations
- **Equity** – increase accommodation for our students and communities with diverse needs
- **Responsiveness** – increase responsiveness to regional, state and national educational and employment needs (e.g., STEM [Science, Technology, Engineering, and Mathematics], applied baccalaureate degrees)
- **Collaboration** – increase external collaboration with four-year baccalaureate institutions involving transfer pathways including course requirements, advising, and curriculum changes relevant to evolving career fields and improve and increase efficiency of internal collaboration to prepare students to be transfer ready
