Policy Type: College Outcomes
Policy Title: Core Theme: Continuing and Community Education
Policy No.: CO-6

Continuing and Community Education – Green River Community College will provide programs and services that reflect a commitment to the professional, social and personal enrichment needs of the community.

Core Objectives
- **Access** – increase access by offering diverse learning opportunities at multiple locations on and off campus and providing guidance to assist in taking advantage of these opportunities
- **Success** – increase student success in terms of meeting their needs, continued enrollment, and positive recommendations to others and pathways to enrollment in credit-bearing and certificated learning
- **Equity** – increase accommodation for our students and communities with diverse needs
- **Responsiveness** – increase opportunity for community members to enrich their lives personally, socially, culturally and professionally through relevant and renewing life-long learning
- **Collaboration** – increase collaboration and partnership with business and industry, K-12 education, community organizations and other continuing education providers to meet community needs
