

Professional Career Assessments

Myers-Briggs Type Indicator (MBTI) *What type of career would fit your personality?*

The *Myers-Briggs Type Indicator®* (MBTI®) assessment is the most trusted personality tool available today. For more than 50 years, the MBTI instrument has been used in 21 languages for understanding individual differences and uncovering new ways to work and interact with others. MBTI helps you to:

- identify careers that might fit and satisfy you
- improve individual and team performance
- develop your leadership style
- identify your personality type made up of four basic type preferences

Strong Interest Inventory (SII) *Which occupations match most closely with your interests?*

For nearly 80 years, the *Strong Interest Inventory®* assessment has guided individuals in their search for a rich and fulfilling life of work and leisure.

This inventory helps you to:

- pinpoint the most satisfying career, educational and leisure choices
- measure your interest in 6 general occupational themes, 5 personal style scales and related to 30 basic interest scales
- find your fit in relation to 122 diverse occupations

StrengthsQuest *Do you know what you do better than the next 1,000 people?*

StrengthsQuest is an on-line assessment that gives students the opportunity to discover and develop their natural talents. Most of us spend our time and energy trying to “fix” our weaknesses instead of maximizing our talents into consistent, successful performance. The assessment looks at how you naturally think, relate with people, influence others, and how you are naturally motivated.

With StrengthsQuest, you can:

- discover and develop your 5 greatest talents
- use your strengths to improve your grades and increase your learning
- strategically determine a rewarding career path
- focus on your strengths rather than your weaknesses

Students: Each assessment above costs \$20.00

Non-students: Each assessment above costs \$40.00

Professional career assessments may be purchased and taken at the Zgolinski Welcome Center. Additional online career activities are available for no charge.
