State support of higher education

The state of Washington contributes to the cost of students' education through support of basic instructional cost and state-supported financial aid. The table below indicates state support by tuition category for students attending Green River Community College for academic year 2010-2011.

	Resident undergraduate	Nonresident undergraduate
Instructional cost per FTE* student	\$6,603	\$6,603
Operating fee	\$2,521	\$7,356
Net state support per FTE* student	\$4,082	NA

In addition to state support of the basic instructional cost, students also receive state supported financial aid, including that provided from the local institutional financial aid fund (3.5 percent). These amounts are represented by the table below:

State financial aid per student FTE*	\$747
Institutional financial aid fund per student FTE*	\$68
Total financial aid per student FTE*	\$815

*Full-time equivalent.

Class Fees: See course descriptions for any additional individual class fees.

Fees:

- Special services fee** of \$.50 per credit applied to all credits.
- Technology fee** of \$5 per credit to a maximum of 12 credits. Not to exceed \$60. (This fee was established by a student vote to cover the cost of equipment, printing and tech support for the Technology Center).
- Facilities fee** \$17.50 minimum, and \$3.50 per credit after 5 credits, not to exceed \$35.
- Student center fee** a flat \$40. (This fee was established by a student vote to cover the cost of a new student center.)

Running Start students are responsible for the above listed fees, as well as:

Class fees: (See individual classes in quarterly class schedule)
Books: (See The Paper Tree bookstore for more information)

Note: Running Start students are responsible for any tuition associated with enrolling in credits that exceed how many they can take through the Running Start program and/or credits below 100 level. Running Start students enrolled in credit outside of the Running Start program will be charged tuition at the rate of the first credit of tuition. See website for more details: www.greenriver.edu/running_start/

Tuition – Prior to the start of the quarter, tuition and fees are due within 4 business days of registration except for fall quarter. You may pay in full or sign up for the STEPP payment plan. See Enrollment Services for more information:

Winter	Tuition due within 4 business days of registration
Spring	Tuition due within 4 business days of registration
Summer	Tuition due within 4 business days of registration
Fall	Tuition due August 6, registrations after this date due within 4 business days

Beginning the first day of the quarter, tuition is due at the time of registration. Students who do not pay tuition and fees on time will be dropped from classes for lack of payment.

Registration information

It's easy to enroll!

New students

1. Complete an application for admission online at www.greenriver.edu. Admission to the college is open to anyone who has a high school diploma, GED, or is 18 years old by the first day of the quarter they are planning to attend. Please note, if you are 16 or 17, you will need to submit a high school release form from the school district you live in, unless you have a GED or high school diploma.
2. Complete the COMPASS.*
*If you have a degree from a community college or a baccalaureate college, you may not need to do this. Bring an unofficial transcript with you to your advising appointment.
3. Schedule a New Student Orientation, Advising and Registration session, or SOAR, by calling (253) 833-9111, ext. 6000, or by signing up online at www.greenriver.edu/advising.

Returning students/not currently enrolled

Request that Enrollment Services update your record. Call ext. 2500 or re-apply online.

Student e-mail accounts

Students are automatically assigned a GRCC e-mail account. The college will use this e-mail address for official communication with all students. Official college policy requires every student to read his or her @mail.greenriver.edu e-mail account regularly. To start using your @mail.greenriver.edu account, go to: www.greenriver.edu/studentemail.

Currently enrolled day and evening students—Registration access times

Registration notifications will not be mailed. Two weeks prior to the start of registration, visit the Green River Web site www.greenriver.edu/online to access your registration time.

Continuing Education

See page 57 for non-credit Continuing Education classes. Students can register for non-credit classes at www.greenriver.edu/ce.

GED testing

GED testing takes place in the Assessment and Testing Center at the Welcome Center (ZWC) every Monday from 9 a.m. until 7 p.m. on a drop-in basis. The fee for the GED Test is \$75, payable at the Assessment and Testing Center. You must have government-issued picture ID to test. If you are 16, 17 or 18 years old, you must also bring a signed Request for Approval to Test for the GED from your school district office. For more information, please call the Assessment Center at ext. 2650.

Online Services (www.greenriver.edu/online)

In addition to registration, our site offers a variety of options. A menu will walk you through the steps. The options available are:

- Class information
- Degree audit
- Financial aid inquiry
- Tax credit information
- Registration Access Time
- Schedule Planner
- Register
- Student PIN change
- Student schedule
- Unofficial transcript
- Pay by credit card
- Web admissions

Visit the **Schedule Planner** prior to registering for classes.

For textbook information, go to:

www.greenriver.edu/bookstore. Select **Order Now**, click the **Textbook** tab and select your classes to get the information.

Schedule Planner

This feature provides you with up-to-the-minute class information and enables you to:

- Plan your schedule for the upcoming quarter
- Find out if your class selections are open or closed
- Check each class for required prerequisites

To access the Schedule Planner feature

1. Go to www.greenriver.edu/online
2. Select **Schedule Planner** under **Class Planning**

Please note: If you are unable to enroll for a class that shows an open seat, there is a waitlist attached.

Web Registration

Who can use Web Registration?

All students who:

1. have completed the admissions process;
2. have been assigned a Student ID number and PIN;
3. have been assigned a registration access time; and
4. are registering or withdrawing from credit classes.

Web Registration cannot be used when registering for:

- High School Completion
- GED/ABE/ESOL
- Audit of credit classes
- Tuition waivers

Web Registration hours

5 a.m. to midnight daily

Note: Web registration function is not available after the third day of the quarter (second day for summer quarter) to add a class. Web registration is open for dropping classes through the eighth week of the quarter (sixth week for summer quarter). See Registration Calendar.

Registration access time

You may use Web Registration anytime on or after your scheduled access time, but not before. See Online Services for registration access time.

To register, select Login to Register from current students, online services. Follow the instructions as they appear on the screen to register for the classes of your choice. **You will be asked to enter the course item number.** This is located to the far left of the class time listed in your class schedule. (See page 10 for example.)

If you are registering for a class that requires permission, instructions will automatically appear on the screen requiring you to enter an entry code.

Entry codes

These are five-digit numbers issued to you by the instructor of the class or by an advisor. They are used as authorization for classes requiring permission or prerequisite satisfaction. Once you have used an entry code, the computer will not accept it again.

Credit maximum

Academic students may register for up to 20 credits per quarter. Professional/technical students may register for up to 25 credits per quarter.

To print class schedule

1. Go to www.greenriver.edu/online
2. Select **View My Schedule** under **Class Planning**

Waitlist for full classes—automated system

How do you get into a class that is full?

Entry codes **will not** allow you to by-pass the waitlist option and register yourself into a full class. The waitlist process works as follows:

- Web or in-person registration will provide the option to waitlist into a full class. All prerequisites must be met to be added to a waitlist.

- You can add your name to three separate waitlists—an example would be math, English and chemistry.
- Cluster classes are moved from the waitlist in the order the students were added.
- Review your schedule every few days via the Web to see if you have been added to the class.
- Enrollment Services will notify you by e-mail when you have been moved off the waitlist and into the class.
- You are responsible for making sure your schedule is accurate by dropping any unwanted classes. Failure to do so will result in a 0.0 grade being posted to your transcript and possible additional tuition and fees.
- To remove your name from a waitlist:
 1. Go to www.greenriver.edu/online
 2. Select **Manage My Waitlists** under **Class Planning**

You may also stop by Enrollment Services to request that your name be removed.
- If you have not received notification by the first day of the quarter that your waitlist status has changed, you need to attend the first class session and identify yourself to the instructor.
- Attending the first class session will not guarantee admittance into the class.

Students are responsible for the accuracy of their class schedule. If you are registered for a class that you no longer plan to attend, see Enrollment Services for procedures to withdraw from the class.

To pay tuition and fees online

1. Go to www.greenriver.edu/online
2. Under **Payment Options**, select **Pay by Credit Card**
3. Enter SID and PIN (PIN not required to make payment.)
4. Select quarter
5. Enter account information
6. Enter credit card information
7. Once you select “Charge my account,” you are instructed to wait for a confirmation number, and then print the number for your records.
Please note that if the confirmation number does not come up, the charge did not go through.

Note: If using the **STEPP** plan, **first and second** payments **MUST** be made in person at the Cashier’s Office. **Final** payment may be made at the Cashier’s Office or online with credit/debit card or e-check at www.greenriver.edu.

For questions on payment options or problems, please call the Cashier’s Office at (253) 833-9111, ext. 2050.

Mailing Address Corrections

If your mailing address has changed during the quarter, be sure to report your new address to the Enrollment Services Office.

1. E-mail new address from your GRCC e-mail address to Enrollment Services
2. Stop by Enrollment Services and submit change of address form

If you are on financial aid, you must also notify the Financial Aid Office.

Disability Support Services—ext. 2631

Green River Community College is committed to assisting students with disabilities to obtain equal access to programs and services at the college. Disability Support Services is located in LC-271A in the Lindbloom Student Center. Students requesting accommodations need to contact DSS and are required to provide current documentation of disability. For information regarding documentation needs and about Disability Support Services in general, please contact the Disability Support Services Coordinator during business hours. Information pertaining to 504 compliance is available from the director of Disability Support Services.

Depending on disability needs, please allow two weeks to three months for accommodation processing arrangements.

Financial Aid—ext. 2449

The Financial Aid Office is located in LC-231 in Lindbloom Student Center. Financial aid is available in the form of grants, loans, work-study jobs and scholarships. Contact the Financial Aid Office for information and applications. **Please allow at least three months for application processing.**

Full-Time Student Status

The definition of “full-time student” varies for certain agencies, such as the Immigration and Naturalization Service, Veterans Administration, College Financial Aid, Social Security Administration and insurance companies. **In most cases, to be considered full time, you must be registered for 12 or more credits.**

Parking—ext. 3350

Parking is one of the many services provided through the facilities fee. Students are required to register cars at the Cashier’s Office to help ensure the safety and security of vehicles. Questions pertaining to parking should be directed to the Safety Office at ext. 3350.

Student Rights and Responsibilities

Students are held responsible for knowing and obeying published rules and regulations of the college as detailed in the student handbook. Students are responsible for knowing the academic requirements and for scheduling necessary courses in their proper sequence.

This information is available online at www.greenriver.edu/student_handbook and includes Green River’s policy on alcohol and other drugs, the costs of attending the college, our enrollment policies, graduation rates, information about our testing center, and much more. We are confident you will find them useful. Please call ext. 2400 or stop by the Information Desk in Student Life to obtain a student handbook.

Residency Requirements—ext. 2513

The state of Washington has established specific criteria for students to qualify as residents for tuition paying purposes (references: RCW 28B.15 and WAC 250.18).

A resident student is one who is a U.S. citizen, or has permanent or temporary resident status, or holds “Refugee-Parolee” or “Conditional Entrant” status with the United States Immigration and Naturalization Service or is otherwise permanently residing in the United States under color of law; and be either:

1. **Financially independent student:**
 - a. Have established a bona fide domicile in the state of Washington primarily for purposes other than education for a period of one year immediately before the first day of the quarter for which they have registered at any institution; and
 - b. Be financially independent.

OR

2. **Financially dependent student:**

Be a dependent student with one or both of their parents or legal guardians having maintained a bona fide domicile in the state of Washington for at least one year immediately before the first day of the quarter for which they have registered at any institution.

To apply for residency reclassification, students submit a residency questionnaire and provide the required documentation to Enrollment Services. Students may apply for residency reclassification through the 30th calendar day of the quarter. See residency questionnaire for complete details.

Registration information

Residency questionnaires are available online, in Enrollment Services, or by calling ext. 2500.

Note these additional points:

- Residence is not an equivalent of domicile only—**must** also provide documentation supporting student's financial independent or dependent status.
- The domicile of a minor is normally that of the parent or legally appointed guardian.
- International students attending GRCC who have been issued an I-20 form are classified as non-resident regardless of length of residency in Washington state.

Nonresident Waiver

The Washington State Board for Community and Technical Colleges has authorized the colleges to waive a portion of the nonresident tuition rate for United States citizens and INS Permanent residents who have not met the above criteria for in-state residency. GRCC honors this automatic waiver at the time student makes application to the college. The student pays the non-Washington resident tuition rate (see chart on page 4).

HB 1079 (Undocumented Person) Waiver

Effective July 1, 2003, Washington state law was changed to make certain students who are not permanent residents or citizens of the United States eligible to pay resident tuition rates. To qualify students must complete an affidavit declaring they have resided in Washington state for three years immediately prior to receiving a high school diploma and completed the full senior year at a Washington high school or completed the equivalent of a high school diploma.

Veterans Services—ext. 2466

Veterans Administration education assistance benefits are computed as follows: 12 or more credits equals full time; 9-11 credits equals three-quarter time; 6-8 credits equals half time; 5 or fewer credits equals tuition fees only. Certification for educational benefits will be forwarded to the VA after proof of registration has been received by the GRCC Veterans' Services Office or when the recipient requests Advance Pay, which must be received by the VA no later than 45 days prior to the beginning date of the quarter.

Reduced tuition is available for veterans subject to established guidelines. For information, visit Enrollment Services in Lindbloom Student Center, second floor. A certified copy of your DD 214 or a letter from your commanding officer will be required.

Withdrawal and Refund Policy

Credit classes

It is your responsibility to withdraw from the college or from individual courses. You must withdraw online or submit a withdrawal/change of schedule form to Enrollment Services to guarantee the accuracy of your permanent records and to begin refund procedures when applicable. You may receive a refund under the following conditions (*Summer quarter differs – review quarterly calendar for refund dates*):

Percentage of refund

1. **100 percent refund**—Through the first official day of the quarter or for identified short-term classes through the first class session only. Short-term classes are indicated by dates published with the class listing.
2. **100 percent refund of tuition and fees**—When courses or programs are canceled.

3. **80 percent refund of tuition less fees**—When official withdrawal occurs during the second through fifth days of the quarter. (*Summer quarter – second through third days of the quarter*)
4. **40 percent refund of tuition less fees**—When official withdrawal occurs during the sixth day of the quarter through the 20th calendar day of the quarter. (*Summer quarter – 4th through 13th calendar day of the quarter*)
5. Short-term classes—100 percent refund of tuition and fees—when official withdrawal occurs prior to or on the first day of class only. Short-term classes are indicated by dates published with the class listing.
6. **No refunds**—After the 20th calendar day of the quarter. (*Summer quarter – no refunds after the 13th calendar day of the quarter*)
7. Refunds of less than \$10 will not be made.
8. Appeals to the refund policy must be submitted to the Enrollment Services Office in written form with **supporting documents attached**. Refund appeals must be received by the Enrollment Services Office within one year of the quarter in question.
9. A separate refund policy applies to students receiving financial aid. Tuition refunds must be returned to the financial aid account and not to the student.

Withdrawing from classes online

Financial Aid:

Students may jeopardize their future financial aid eligibility by dropping classes. Please check with financial aid if you have questions.

International Students:

If you are an F-1 international student and you drop below 12 credits without permission, your SEVIS record and student status through Green River will end.

Running Start:

Withdrawing from class(es) can impact your high school graduation and continued program eligibility. You are responsible for communicating schedule changes with your high school.

eLearning at Green River

Need some flexibility in your schedule? Work hours keeping you from an education? Try one of Green River's eLearning classes.

Our eLearning classes allow busy people like you to get the training and skills you need. We offer classes that are fully online as well as hybrid classes, which combine online sessions with scheduled campus time.

Benefits:

Online courses

- No required meetings on campus
- No commute
- No parking rush
- Take classes in your pajamas and meet your regularly scheduled deadlines for assignments.
- Earn your associate's degree without coming to campus.

Hybrid classes

- Get the best of both worlds by combining online classes with face-to-face meetings.
- Spend a few hours each week in the classroom and the rest online.
- Hybrid courses work well for people who want some flexibility in their schedule and still want a classroom experience.

More information can be found on the eLearning Web site at www.greenriver.edu/elearning. The quarterly class schedule can be found at www.greenriver.edu/courses/schedules.shtml.

Diversity Requirement Added To AA Degree (AA-DTA)

Because diversity is a value integral to GRCC's mission, associates of art degree seeking students who **begin** their program of study in **Fall 2011** will be required to take a diversity course to fulfill their degree requirements.

In addition, courses that meet the diversity requirement will be listed in the catalog's course description in the following manner: "This course meets the diversity course requirement for the AA degree."

Q - If I am already in the AA-DTA degree program do I need to take an additional class?

A - No. The degree change is a requirement for students who are beginning their AA-DTA degree program in Fall Quarter 2011 or later.

Q - If I take a course and use it for another distribution requirement can I count it in both categories?

A - Yes. The diversity requirement is the only requirement for the AA degree where it can satisfy more than one requirement.

Q - If I took a diversity course at another institution and transfer it to GRCC will it count toward this requirement?

A - Yes. GRCC will honor any course received from a transfer institution if the course meets that college's diversity requirement. It is the student's responsibility to provide this documentation to GRCC Registrar's office.

For more information on this change to course requirements, contact your advisor.

Common Course Numbering

GRCC course numbers have changed. Make sure you don't take the same class twice.

Common Course Numbering (CCN) makes commonly shared courses among Washington community and technical colleges have the same course number and title.

These courses are identified by an "&" within the department abbreviation. For example: PSYCH 100 now becomes PSYC& 100. For those students who transfer courses from one college to another, this will make that translation for coursework much easier. For more information on CCN, visit our Web site www.greenriver.edu/ccn/.

Contact your advisor or visit our Web site www.greenriver.edu/catalog/courses/default.aspx for all course transferability information.

Host Families Needed

Green River's international students need caring host families. Homes are needed for students where they can have their own rooms and share dinner with the family. They will also share cultures and friendships and contribute to family expenses.

Length of stay varies from one month to two years. Homes are needed for male and female students from various countries.

If you are interested in hosting an international student, please call Green River's Host Family Information Line, ext. 2129, and make a reservation for our next orientation.

Basic Education And GED Preparation

New ABE/GED students call (253) 833-9111, ext. 2315 for assessment and registration appointment. **Continuing** students should talk to their Basic Skills instructor or go to RLC-125.

GED and Adult Basic Education Classes

Students who want to study for the GED test or want to improve their basic math, reading, and writing skills are encouraged to enroll in Adult Basic Education or GED classes. GRCC offers ABE and GED classes that give students the opportunity to work individually or in small groups to accomplish their specific learning goals. In these classes, GED students have the opportunity to practice the GED tests and get expert instruction and advice before taking the tests.

Registration is easy! Simply take a short placement test to assess your skills before registering. A \$25 tuition fee will be charged for any combination of BASIC classes each quarter. Tuition waivers available.

Kent, Auburn Center, and main campus students should call (253) 833-9111, ext. 2315, to schedule a time to take the assessment and register. Enumclaw students should call (253) 288-3400.

Classes are held at the following locations and times:

Main campus	8-10:50 a.m.	Monday-Friday
	11 a.m.-1:50 p.m.	Monday-Friday
	5:30-8:20 p.m.	Monday-Thursday

Learning Community: Empowering Self

While practicing the reading and writing skills essential to college success, we will employ critical thinking to examine how language, image, and music work to influence us in both positive and constructive ways, as well as in negative and destructive ways, oftentimes without us even being aware of it. We will do this by specifically looking at culture, media, and politics in the hopes that we learn more about ourselves in the process. Bring your curiosity, enthusiasm, and willingness to see things in a new light, including yourself. This class combines ENGL 081 – Fundamentals of Written Communication and READ 094 – Reading Improvement for 10 credits.

Learning Community/Hybrid Course: Outside the Matrix – Examining Our Perceptions

This course will examine the ways that we use language to know who we are, to tell others what we think and to influence the world around us. College reading and writing (the language of college) may not be anyone's native tongue, but it is often the language of power. More importantly, language is part of how we see ourselves in society. This class combines ENGL 100 – Introductory Composition and READ 104 – Reading Mastery for 10 credits.

Learning Community: Say What? – Language, Identity And Power

In day-to-day life, there are many things we do that we don't pause to examine or analyze. These "cultural myths," can blind us to the underlying beliefs upon which they are built as they also become seemingly vital to our lives. By using the movie "The Matrix" as a frame, this course will engage students in the process of looking behind cultural myths as they read and write about the assumptions that drive those beliefs. This course combines ENGL 100–Introductory Composition and READ 104–Reading Mastery for 10 credits.

Learning Community: Existentialism And The City

We will explore the works of philosophers and literary authors and poets (those who set the groundwork for existentialism as well as those considered the main existentialist philosophers and authors, most notably Jean-Paul Sartre and Albert Camus). We will weave literature and philosophy together in the exploration of the city's effect on the human condition and the existential angst that so many poets, authors, filmmakers, and philosophers explore in their writing and films. This course combines ENGL 126 – Writing: Humanities and PHIL 236 – Existentialism for 10 credits.

Parent-Child Education

Parent-Child Education is shared learning in early childhood for families. It provides important opportunities for parents to study their own children's development and behavior at different ages and to participate fully in that learning process.

Teachers, hired by each program, set up a sound educational curriculum for young children and establish routines and activities that promote social, physical, mental, emotional and creative growth for each child. A Parent-Child Education instructor, provided by the college, is assigned to each program and serves as an educator and resource person to the parents, the preschool teacher and the children.

Parents earn college credits each quarter for participation in the co-op program for a reduced fee per credit. An additional lab fee is paid to the preschool for the child's participation. Opportunities are available for families with children, age birth to 5 years, at 5 locations throughout the community.

For more information, call the individual programs listed below or call the program director, Leslie Kessler, at (253) 833-9111, ext. 2729.

Math Resource Modules – Lab

The Math Division offers a series of 2-credit modules designed to supplement or review topics from Math 062, 070, 072, and 097. These pass/no credit modules by themselves DO NOT meet the prerequisite for the next class.

Students will work with a software package for 40 hours (or 20 hours for one credit) on the topics in mathematics that need review. This will be decided on an individual basis. Students will investigate the resources that the Math Division offers, including videos, computers, supplementary books, and/or drop-in tutoring. Students will be required to keep a log of their activities and must document a minimum of 22 hours to receive one credit, or 44 hours for two credits. They will also be required to turn in copies of all work associated with the resources. Two written papers will make up the remainder of the time for the course.

You are encouraged to register for a Math Module if:

1. You need extra practice to help you succeed while taking one of the math classes listed above; or
2. You are not yet taking another math class, but you want to build specific skills to prepare you for a math course.

Students must attend a 50-minute orientation session in BI-5 on 01/04/12 from 12-1p or 6-7p.

Learning Community: Existentialism And The City

We will explore the works of philosophers and literary authors and poets (those who set the groundwork for existentialism as well as those considered the main existentialist philosophers and authors, most notably Jean-Paul Sartre and Albert Camus). We will weave literature and philosophy together in the exploration of the city's effect on the human condition and the existential angst that so many poets, authors, filmmakers, and philosophers explore in their writing and films. This course combines ENGL 126 – Writing: Humanities and PHIL 236 – Existentialism for 10 credits.

Learning Community: Empowering Self

While practicing the reading and writing skills essential to college success, we will employ critical thinking to examine how language, image, and music work to influence us in both positive and constructive ways, as well as in negative and destructive ways, oftentimes without us even being aware of it. We will do this by specifically looking at culture, media, and politics in the hopes that we learn more about ourselves in the process. Bring your curiosity, enthusiasm, and willingness to see things in a new light, including yourself. This class combines ENGL 081 – Fundamentals of Written Communication and READ 094 – Reading Improvement for 10 credits.

Learning Community/Hybrid Course: Outside the Matrix – Examining Our Perceptions

In day-to-day life, there are many things we do that we don't pause to examine or analyze. These "cultural myths," can blind us to the underlying beliefs upon which they are built as they also become seemingly vital to our lives. By using the movie "The Matrix" as a frame, this course will engage students in the process of looking behind cultural myths as they read and write about the assumptions that drive those beliefs. This course combines ENGL 100 – Introductory Composition and READ 104 – Reading Mastery for 10 credits.

Credit Classes

COOPERATIVE EDUCATION INTERNSHIP PROGRAM

Co-op gives you credit while you work

Unsure about how to get experience? Changing careers or upgrading skills? Joining Co-op could help you get started on the path to a new career or first career.

The Cooperative Education Internship Program (Co-op) at Green River Community College allows GRCC students to complete elective academic credits through work experience (paid or volunteer). Students who declare a specific area of study must work or volunteer in that field. Students who are taking general studies or intend to transfer may also qualify for work experience.

Contact ext. 2550 to receive your Co-op packet and schedule an orientation.

Co-op's popular 1-credit seminar is now online. For information about the online seminar, please visit the Co-op office in the Lindbloom Student Center (LC-225) or call ext. 2550.

Note: Entry codes are available from the faculty advisor listed for each area of study.

The Leadership

Dream Team

As a member of the Green River Leadership Dream Team (BUS 205), you will have opportunities for personal growth as you reach out and encourage high school students who normally might not consider college.

This is an opportunity for you to change lives. The leadership and mentoring you provide during this class can make a big difference in the life of high school students who are uncertain about college.

How does this happen? You will work in groups to build and then deliver presentations to high school students about the college experience.

Topics include: The importance of college, paying for school, study skills, and other college survival tips. The class can even be repeated for those who want to continue being an ambassador for Green River at local high schools.

This two-credit course is open to any GRCC student!
