

Division of Student Services and Retention

Mission

Student Services and Retention enhances the academic and personal development of Green River's diverse student body. We recognize the unique potential each student brings to our community and strive to foster student success both in and out of the classroom. Serving students and community members with professional integrity through innovative programs and services is at the heart of the Student Services and Retention team.

Goals

Access to Services: Students and community partners will have access to academic and support services which will increase academic success, co-curricular learning, individual development, and civic engagement.

Co-Curricular Learning: Students will benefit from experiential learning, co-curricular services and engagement activities which will increase persistence and student success.

Community Partnerships: Students and community partners will be engaged in strategic aspects of Student Services and Retention such as: planning, policy and procedure development, fiscal stewardship and accountability, customer service, conference planning, and delivery of programs, services, and community outreach.

Student Success: Students will be provided reasonable support services and resources to assist them in successfully achieving their educational and professional goals.

Diversity: Students and community partners will be provided a welcoming, supportive and empowering environment to increase their sense of belonging and community citizenship.

Co-Curricular Student Learning Outcomes

The Division of Student Services and Retention supports and encourages the mastery of the campus-wide student learning outcomes of **written communication, critical thinking, responsibility, quantitative and symbolic reasoning, oral communication, and human relations.**

Our co-curricular programs and services are designed to build skills and performance outcomes in the areas of **leadership development, diversity, civic engagement, financial literacy, and wellness.**

Community Engagement Outcomes

In addition to serving students, many of the departments within Student Services and Retention serve the local community. These departments are focused on community engagement outcomes of **fiscal stewardship and accountability, civic and community involvement, and customer service.**
