

Student Life

Mission: The Student Life Office at Green River Community College is a diverse group of professional staff and student leaders that collaborates with the campus and surrounding communities to retain students by providing education, civic engagement, support and activities that encourage success, involvement and global citizenship.

Services & Programs

Opportunity to engage in social and educational networking, engagement in co-curricular opportunities, enhancement of life skills such as (but not limited to) self motivation/discipline, effective promotion, conflict management, communication, timelining, motivating self/others, organization skills, negotiation strategies, program creation/production/evaluation, personal responsibility/dependability, integrity, opportunities to think critically, recruitment

2009-2010 Priorities

- Offer a variety of co-curricular education opportunities for students
- Continue to find ways to collaborate with faculty and campus programs/office
- Encourage and provide opportunities for students to engage in global citizenship
- Increase the numbers of domestic students engaged in activities by 5%
- Provide opportunities for students to become leaders by encouraging and promoting involvement opportunities in clubs, student government, volunteering, CLEO
- Continually look for new ways to assist students in their efforts to achieve communication skills, intellectual openness, personal self-discovery, leadership, civic engagement, and life-long learning skills

Student Learning Outcomes

Students participating in activities through student life will develop skills in the areas of

- **Service learning/citizenship** – participation in service/volunteer activities, development of an appreciation of service to others
- **Leadership** – serves effectively in leadership positions
- **(Social) Responsibility** – understands and participates in relevant governance systems
- **Diversity** – the knowledge, attitudes and skills necessary to function in a diverse, global society
