

Associate in Arts Degree Direct Transfer Agreement (AA-DTA)

Minimum of 90 Credits

Summer 2017

The Associate in Arts degree is a direct transfer degree (DTA) designed for students who plan to transfer to a university after completing the first two years of study at Green River. The degree is recommended for students who have not yet decided the field they will enter or the university they will attend. It gives students the broad background they need before beginning more specialized, upper-division courses and indicates that a student has completed a two-year liberal arts program.

Students who have a particular major in mind can focus their distribution choices and elective credits toward meeting their transfer institution plan. An advisor can assist with this process. Students should include some 200 level coursework in their program of study.

This degree meets the Intercollege Relations Commission (ICRC) guidelines for direct transfer degrees, an inter-institutional agreement adopted to facilitate student transfer between Washington state community colleges and baccalaureate institutions.

Once admitted to an institution subscribing to these guidelines, the degree holder will be granted junior status and will have fulfilled most of the lower-division general education requirements of baccalaureate degree programs offered by many public and independent colleges and universities in Washington State. The following colleges subscribe to these guidelines:

Washington State

Bastyr University
Central Washington University
City University
Cornish College of the Arts
Eastern Washington University
Gonzaga University
Heritage University
Northwest University
Pacific Lutheran University
Saint Martin's University
Seattle Pacific University
Seattle University

The Evergreen State College
Trinity Lutheran University
*University of Washington
University of Washington Bothell
University of Washington Tacoma
Washington State University
Washington State University Tri-Cities
Washington State University Vancouver
Western Washington University
Whitworth University

Other States

Argosy University
Capella University California
Oregon State University
University of North Dakota
University of Phoenix
** Some restrictions apply*

Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

To earn this degree, students must complete 90-quarter credits in courses numbered 100 or above (from approved distribution list below) and meet specific distribution requirements. No more than 25 percent of credit requirements may be taken on a pass/no credit basis. Students should be aware that courses with "Pass" grades may not satisfy the requirements in their major field. Students must attain a cumulative grade point average of **2.0**, and earn a minimum of 24 credits at Green River.

Students are responsible for knowing transfer requirements and policies, as well as specific course choices and GPA requirements, are urged to consult the catalog of the institution for which they plan to transfer.

TRANSFERABILITY OF CREDITS

Green River College is fully accredited. Academic courses will usually be accepted by other institutions offering the same (or similar) courses. However, each institution has its own transfer policies and each student is responsible for knowing the transfer and admission requirements of the receiving institution. Students are urged to consult with their advisor and a representative from the college they plan to attend after Green River.

OPTIONAL CONCENTRATIONS OF STUDY

Students may choose to complete one or more concentrations of study below and have it posted to their transcript **ONLY** when the student successfully complete the Associate in Arts-Direct Transfer Agreement (AA-DTA) degree. Otherwise courses taken will transfer to four year universities on a course by course basis only.

Students are urged to consult with their Green River advisor to plan their programs of study. Students are also urged to consult with a representative from the university they plan to attend.

Concentration in Diversity Studies

20 Credits

Diversity in the curriculum refers to the study of one or more groups that have been historically marginalized on the basis of culture, race, ethnicity, gender, sexual orientation, class, disability, religion, age, immigration, and/or geopolitical power. Diversity-designated courses facilitate academic inquiry, analysis and understanding of past and current differences, conflicts, and relations of power, thereby moving the discourse of diversity beyond mere tolerance, celebration, or appreciation.

The Diversity Studies Concentration supports students in critical self-reflection, intercultural literacy, and cross-cultural communication to aid them in critically understanding their own and others' experiences. By taking courses in a variety of disciplines, students will have been introduced to multiple academic frameworks and approaches that will provide them with competencies and analytical tools fundamental to

articulating and navigating the changing demographics and power relations of a diverse world and workplace.

- o Students must take at least four courses totaling 20 credits, including at least one core courses (see list below) and one course from each of the three sponsoring divisions: Social Science, Humanities, and English.
- o Students must have an accumulative G.P.A. of **2.0** for the classes; only one class can have a pass/no credit designation.
- o Students seeking concentrations in the Gender Studies or the Hispanic Studies may use no more than two courses from those concentrations to fulfill the Diversity Studies Concentration.

Completion of this concentration of study will be noted on students' transcripts **only** after the student has completed the AA-DTA degree, otherwise courses taken will transfer to four year universities on a course by course basis. Students are urged to consult with their Green River advisor to plan their programs of study. Students are also urged to consult with a representative from the university they plan to attend.

Concentration in Global Studies

35-40 Credits

The Global Studies Concentration enables students to achieve an informed engagement with the world through a cross-disciplinary and comparative curriculum. Students will achieve this goal by taking courses which meet the program's four core competencies:

- career-oriented skills
- foreign language proficiency
- intercultural competence
- professional skills and service leadership.

The program offers multiple courses across a variety of areas which help to satisfy: a direct transfer degree (DTA), an associate of science transfer (AS-T) degree (Tracks I and II), an associate of applied science transfer (AAS-T) degree, as well as meet a number of the general education requirements required for an undergraduate degree [Bachelor of Arts (B.A.) and Bachelor of Science (B.S.) degrees].

This concentration will be noted on students' transcripts only after the completion of a transfer degree, such as the AA-DTA. If a transfer degree is not completed, these courses will transfer to four year colleges on a course by course basis.

Concentration in Hispanic Studies

20 Credits

Concentration in Hispanic Studies fosters awareness, knowledge and understanding of the Hispanic world. It offers the student an opportunity to engage in a concentrated study of the diverse culture, art, language and history of Mexico, Central and South America, the Caribbean, Hispanic North America and Spain. Given the continued importance of Latin America to the United States and the increasing population of Hispanics in the United States, this focused program of study will be advantageous to those students entering the job market as well as transfer students.

Students must complete the required courses with a 2.5 GPA.
