

Summer 2017

Carpentry Technology –Concrete Forming and Placement
Certificate of Proficiency
17 Credits

This certificate prepares students to find employment with residential specialty and/or general contractor whose primary focus is foundations and/or concrete flatwork (driveways, sidewalks, etc.). The core skills acquired are location and forming concrete foundations for houses and or decks, constructing them level, Plumb Square and to code or engineered specifications. In addition students will develop skills with specialty tools and material related to foundation and/or flatwork, as well as how to calculate, order and place concrete.
