

IT Web Application Development Certificate of Proficiency 40 Credits

The Web Application Development certificate program is for anyone who has earned an associate's or bachelor's degree and is interested in learning how to build modern websites and web applications. This certificate program is designed to prepare students for continued studies in the Bachelor of Applied Science in Software Development degree program and for employment as an entry-level web developer or computer programmer familiar with the best practices in industry.

Students must earn a cumulative GPA of at least 2.5. All of the courses in this certificate program apply towards the Bachelor of Applied Science in Information Technology: Software Development degree.

Entry Requirements:

To enter this certificate program, students must have earned an associate's degree or bachelor's degree from a regionally accredited institution. The following coursework, or equivalent work experience, in all of these areas, are strongly recommended before entering this program as the courses in this program build on programming fundamentals.

IT 201	Database Fundamentals
IT 206	Front-End Web Development
IT 207	Web Programming with JavaScript
IT 219 or	Programming 1 or
CS& 141	Computer Science I – Java
IT 220 or	Programming 2 or
CS 145	Java 2 Data Structures
