OVERVIEW

Physical Therapist Assistants (PTAs) help patients who have movement difficulties due to injury or disease, by assisting the physical therapist with therapies designed to improve mobility, relieve pain, prevent or limit permanent physical disability and promote overall fitness and wellness. Patients value the individualized, "hands-on" approach that characterizes physical therapy care. The vast majority of PTAs, approximately 72%, work in hospitals or privately owned physical therapy practices. Others work in home health settings, schools, and rehab units. This document is available in alternative formats to individuals with disabilities by contacting Disability Support Services at 253-833-9111, ext. 2631; TTY 253-288-3359; or by email at dss@greenriver.edu. Job Shadowing: Please have a PT or PTA complete the Verification and Recommendation form for each setting. The job shadowing form is located on page 7 and must come in a sealed envelope from the facility. Competitive applicants complete three different settings but no more than four total (home health, outpatient, skilled nursing facility, hospital, rehab center, school, etc). Some hospitals will only allow you to do 8 hours total at their site. For help finding sites, use the American Physical Therapy Association website: http://www.apta.org/

ESSAY: Complete a comprehensive essay outlining significant aspects of what is leading you to the field of being a physical therapist assistant. Include information about your background or extenuating circumstances relative to your application, such as reasons for a low GPA during a particular quarter/semester. Do not provide the same information that you provided elsewhere in your application. Please touch on the following points:

Academic Experience and Interests: Connect your academic experiences and interests to the program. You may also want to include personal qualities that make you a competitive candidate. Be sure to back up those statements with specific examples that illustrate your skills.

Extracurricular Experiences: Highlight any leadership or team roles, work experience, academic project, skills or experiences you have acquired (work, training, certification, research, internship) that are worth mentioning. Do not merely describe experiences; write about how those experiences have developed your skills and interests. Relate those experiences to your goals.

Career Goals: Indicate how the training from this program may affect your future. You do not have to map your life out in detail; identify some general goals.
Accommodations
Candidates for the Physical Therapy are required to certify that these standards have been provided to them. Applicants who need accommodations to meet standards may request accommodations. Eligibility for accommodations is identified through the Disability Support Services office. Additional information about requesting accommodation is available at greenriver.edu/DSS.

BACKGROUND CHECKS

Background check- All background checks must be completed and turned in with your application. Do not pay to run the background check. We will contact you when it is appropriate for us to run a background check. Clinical fieldwork is integrated throughout the program and is required for all students. Placement can occur but is not limited to, the following settings: long-term care, rehabilitation care, outpatient clinics, school districts, pediatric clinics, hospitals, and home health. A criminal background limits or prevents Community Lab/cclinical placement and employability. If you have cause for concern regarding criminal history outcome or any charges related to vulnerable populations (i.e., children, vulnerable adults), contact American Physical Therapy Association http://www.apta.org/ and the Department of the Health (DOH) https://www.doh.wa.gov/ to receive clarification about the background as it pertains to license. Final admission to the program is dependent upon the results of this background check. See Washington State DSHS Secretary’s List of Crimes and Negative Actions forms.

CHILD/ADULT ABUSE INFORMATION ACT- RCW 43.43.830 THROUGH 43.43.845

All students who will be placed in practicum education sites for Green River College’s health occupation programs are requested to complete the below Washington State Patrol Abuse Clearance section. The purpose of this abuse clearance is to assure the safety and well-being of patients, clients, and children who come into contact with students. Practicum education sites are expecting that Green River students will not pose undue risks to the safety of patients/children.

The Washington State Patrol, abuse clearance request, is for the following:
“Child/Adult Abuse Information: Response limited to convictions against children or other persons, dependency proceedings, abuse of vulnerable adults, and DOL disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision.” Please be aware that information on other felony and misdemeanor convictions may be reported from the state patrol office. This abuse clearance is used only for the purpose of practicum education placement, determination and further dissemination or use of the record is prohibited.

As stated earlier, all students are required to complete this form. Any student choosing not to complete this process must be aware that the ability of faculty to arrange practicum education experiences will be severely restricted and in some instances impossible. A large number of facilities require proof of this clearance before students are allowed to participate in any practicum activities.

- I have read and understood this information about the Washington State Patrol Abuse Clearance.
