STUDENT STORIES

Story 1
Leah, a single mom of two kids, has faced life-changing challenges in recent years. Her determination to realize her dreams has kept her periodically coming back to Green River for several years. Recently returning to school, she reflects on being homeless and balancing childcare with her studies. This year she is succeeding. At the end of the fall quarter, she was able to secure housing, and financial support through United Way Gator Pledge, where she was able to pay for a camera rental, books and gain access to a laptop. She continues today to persevere and overcome obstacles to continue her educational path.

Story 2
A mother of seven is working and studying at GRC to earn her Associate’s degree. Unfortunately, the car that she used to get to campus was repossessed. Considering the immediate need, GRC was able to work together with the Workforce office and United Way Gator Pledge to assist the student in getting her vehicle back. The student was referred to the GRC Benefits Hub for financial planning. Without the student’s willingness to improve her situation through these benefits, she would have been forced to drop her classes, and is now enrolled in winter quarter.

Story 3
A husband and father of two was laid off from his job, so he decided to come back to GRC to pursue a certificate/degree in welding. He and his wife created a plan and budget to help manage their bills and school costs. Early in the Fall quarter, unexpected expenses led him to seek the help of United Way Gator Pledge via the Benefits Hub, and they were able to help him with a gas card.

As the last quarter approached, he and his wife realized that even their best budgeting efforts would not sustain them through the quarter. United Way Gator Pledge was there again to help with critical financial help that allowed him to enroll and attend his last quarter. He expressed his gratitude for and desire to “give back” to the GRC community in the future.

SUMMER–CLASS TYPE DEFINITION
Due to the Covid-19 pandemic, courses will be offered online during the summer quarter. No face-to-face, in-person instruction will be delivered, with the possible exception for our allied health and career and technical programs. This is dependent on the guidance we receive from Gov. Jay Inslee regarding the duration of the current Stay Home, Stay Healthy directive.

As you view the class schedule, you’ll see classes are designated in one of three ways: virtual, hybrid/virtual, or online. The following definitions explain the how each type of course will be delivered:
Virtual: Class will meet online at the time listed in the class schedule. For example, if your class begins at 9 a.m. in the class schedule, then it will begin at 9 a.m. on Zoom. You will be attending the class at the same time as your classmates, just as you would on campus.
Virtual Hybrid: Part of the class will be held online without a set time to attend. The other part will occur at the time listed in a virtual format (e.g. Zoom). Online: The entire class will be held online without a set time to attend. The class will still have assignment deadlines and due dates.

FALL–CLASS TYPE DEFINITION
While we are hoping to return to our regular schedule of instruction for the fall quarter, we are also planning for all possible outcomes. Classes for fall quarter are designated in these five ways:
MODALITIES WITH A FACE-TO-FACE COMPONENT
Face-to-Face: Class times are listed in the schedule. Classes will meet in a face-to-face format on campus. Based on the state’s response to COVID-19, these courses may shift to virtual, online, or hybrid/virtual using Zoom. Your instructor will let you know prior to the start of fall quarter via your GRC email and Canvas dashboard.
Hybrid: Part of the class will occur in a face-to-face format on campus at the time listed in the class schedule. The other part will be held online without a set time to attend.
If on-campus instruction is not yet allowed by fall quarter, then the face-to-face part of the course will switch to online or virtual using Zoom or other virtual format. Your instructor will let you know prior to the start of fall quarter via your GRC email and Canvas dashboard.

MODALITIES WITH NO FACE TO FACE COMPONENT
Completely Virtual: Class will meet online at the time listed in the class schedule. For example, if your class begins at 9 a.m. in the class schedule, then it will begin at 9 a.m. on Zoom. You will be attending the class at the same time as your classmates, just as you would on campus.
Virtual Hybrid: Part of the class will be held online without a set time to attend. The other part will occur at the time listed in a virtual format (e.g. Zoom). Your instructor will let you know prior to the start of fall quarter via your GRC email and Canvas dashboard.
Online: The entire class will be held online without a set time to attend. The class will still have assignment deadlines and due dates.
Note: If, due to the state’s response to COVID 19, the teaching modality listed in the class schedule changes before the start of fall quarter, students will be notified by their instructor as soon as possible.

In most cases, to be considered full time, you must be registered for 12 or more credits.

Student Rights and Responsibilities
Students are held responsible for knowing and obeying published rules and regulations of the college as detailed in the student handbook. Students are responsible for knowing the academic requirements and for scheduling necessary courses in their proper sequence.

This information is available online at greenriver.edu/current and includes Green River’s policy on alcohol and other drugs, the costs of attending the college, our enrollment policies, graduation rates, information about our testing center, and much more. To obtain a paper copy of the report, please call 253-288-3335.
Residency Requirements, ext. 2500
The state of Washington has established specific criteria for students to qualify as residents for tuition paying purposes (references: RCW 28B.15 and WAC 250.18).

A resident student is one who is a U.S. citizen, or has permanent or temporary resident status, or holds "Refugee-Parolee" or "Conditional Entrant" status with the United States Immigration and Naturalization Service or is otherwise permanently residing in the United States under color of law; and be either:

1. Financially independent student:
   - Have established a bona fide domicile in the state of Washington primarily for purposes other than education for a period of one year immediately before the first day of the quarter for which they have registered at any institution; and
   - Be financially independent.

OR

2. Financially dependent student:
   - Be a dependent student with one or both of their parents or legal guardians having maintained a bona fide domicile in the state of Washington for at least one year immediately before the first day of the quarter for which they have registered at any institution.

To apply for residency reclassification, students submit a residency questionnaire and provide the required documentation to the Office of the Registrar. Students may apply for residency reclassification through the 30th calendar day of the quarter. See residency questionnaire for complete details. Residency questionnaires are available online, in the Office of the Registrar, or by calling ext. 2500.

Note these additional points:

- Residence is not an equivalent of domicile only—must also provide documentation supporting student’s financial independent or dependent status.
- A student cannot qualify as a legal resident of Washington for tuition calculation purposes if she/he possesses a valid out-of-state driver’s license, vehicle registration, or other documents that give evidence of being a legal resident in another state.
- The domicile of a minor is normally that of the parent or legally appointed guardian.
- International students attending Green River who have been issued an I-20 form are classified as non-resident regardless of length of residency in Washington state.

Nonresident Waiver
The Washington State Board for Community and Technical Colleges has authorized the colleges to waive a portion of the nonresident tuition rate for United States citizens and INS Permanent residents who have not met the above criteria for in-state residency. Green River honors this automatic waiver at the time a student makes application to the college. The student pays the non-Washington resident tuition rate (see chart on page 4).

HB 1079 (Undocumented Person) Waiver
Effective July 1, 2003, Washington state law was changed, presumed undocumented students or non-immigrant visa holders who meet certain criteria are eligible for resident student status and resident tuition rates. To qualify, students who have resided in Washington state for three years immediately prior to receiving a high school diploma and completed the full senior year at a Washington high school or completed the equivalent of a high diploma in Washington State, and complete an affidavit promising to apply for permanent residency in the United States at the earliest possible opportunity and indicating a willingness to engage in activities necessary to acquire citizenship.

Veteran Services, ext. 2466
Green River College is approved for Department of Veterans Affairs (VA) education benefits. Students who fit VA eligibility criteria may use their education benefits for most of our academic programs. An updated list of approved programs can be found on the VA’s website. Full-time enrollment for fall, winter, and spring quarters is 12 credits. Enrollment for summer terms is based on length of the term elected.

Certification for education benefits will be forwarded to the VA after proof of registration has been received by Veteran Services.

In-state and/or reduced tuition rates may be available to veterans and their spouse and/or dependents that meet specific state requirements. For more information please visit the Office of the Registrar with a copy of your DD 214 and your COE (Certificate of Eligibility).

Veterans may also be eligible for priority registration. Individuals must meet the established eligibility criteria and submit a copy of their DD 214 to the Office of the Registrar.

Withdrawal and Refund Rules
Credit classes
It is the student’s responsibility to withdraw from the college or from individual courses. Students must withdraw online or submit a withdrawal/change of schedule form to guarantee the accuracy of their permanent records and to begin refund procedures when applicable. The student may receive a refund under the following conditions:

Percentage of refund
100 percent refund of tuition and fees—When courses or programs are canceled by the college or when a student officially withdraws from class through the fifth instructional day of the quarter.

40 percent refund of tuition only—When official withdrawal occurs after the fifth instructional day of the quarter through the end of the refund period (see next bullet).

No refunds—After the 15th calendar day of the quarter. The 15th calendar day is the end of the refund period.

Short-term classes—100% refund of tuition and fees when official withdrawal occurs prior to the first day of class only. Short-term classes are indicated by dates published with the class listing.

Refunds of less than $10 will not be made.

Appeals to the withdrawal policy must be submitted to the Office of the Registrar in written form with supporting documents attached. Withdrawal appeals must be received within one year of the quarter in question.

A separate refund policy applies to students receiving financial aid. Tuition refunds must be returned to the financial aid account and not to the student. A separate refund policy applies to students receiving Military Tuition Assistance (TA).

Withdrawing from classes online
Financial Aid:
Students may jeopardize their future financial aid eligibility by dropping classes. Please check with financial aid if you have questions.

International Students:
If you are an F-1 international student and you drop below 12 credits without permission, your SEVIS record and student status through Green River will end.

Running Start:
Withdrawing from class(es) can impact your high school graduation and continued program eligibility. You are responsible for communicating schedule changes with your high school.

The Math Division offers a series of 2 credit modules designed to supplement or review topics from Math 062, 070, 072, 097. These pass/no credit modules by themselves do NOT meet the prerequisite for the next class. Students will work with a software package for 40 hours (or 20 for one credit) on the topics in mathematics that need review. This work will be completed at the student’s pace and is expected to be available during this time for remote live class sessions. Visit: greenriver.edu/elearning. Additional fee of $5.00. (NR)

**MATH RESOURCE MODULES–LAB**
The Math Division offers a series of 2 credit modules designed to supplement or review topics from Math 062, 070, 072, 097. These pass/no credit modules by themselves DO NOT meet the prerequisite for the next class.

Students will work with a software package for 40 hours (or 20 for one credit) on the topics in mathematics that need review. This will be decided on an individual basis. They will investigate the resources that the Math Division offers, including videos, computers, supplementary books, and/or drop-in tutoring. Students will be required to keep a log of their activities and must document a minimum of 22 hours to receive one credit, 44 hours for two credits. They will also be required to turn in copies of all work associated with the resources. Two written papers will make up the remainder of the time for the course.

You are encouraged to register for a Math Module if:
1. You need extra practice to help you succeed while taking one of the math classes listed above; or
2. You are not yet taking another math class, but you want to build specific skills to prepare you for a math course.
