Coronavirus Awareness

The current coronavirus outbreak, called COVID-19, has dominated the news cycle since late 2019, and it’s normal and understandable to feel anxious about the recent spread of this disease. This course is designed to give a brief overview of the rise and nature of this new virus. Topics covered include symptoms and risk factors; what you can do to help reduce your chances of becoming infected; and where to find reliable news and information about the COVID-19 outbreak. The situation surrounding the COVID-19 pandemic is changing constantly, and the latest guidelines may vary state to state. Please refer to your local government resources, the Centers for Disease Control, and the World Health Organization (WHO) for the latest, up-to-date information.

CDC Guidelines for Making & Using Cloth Face Coverings
Coronavirus:

CDC Guidelines for Making & Using Cloth Face Coverings

The Centers for Disease Control and Prevention (CDC) has released new guidelines for the use of cloth face coverings to help slow the spread of coronavirus, also known as COVID-19. This interactive online course covers best practices for wearing cloth face coverings and includes tutorials for sew and no sew methods for creating face coverings as recommended by the CDC. The situation surrounding the COVID-19 pandemic is changing constantly, and the latest guidelines may vary state to state. Please refer to your local government resources, the Centers for Disease Control, and the World Health Organization (WHO) for the latest, up-to-date information.
Cleaning and Disinfecting Your Workplace
Coronavirus:
Cleaning and Disinfecting Your Workplace

Cleaning of visibly dirty surfaces followed by disinfection is a best practice measure for prevention of COVID-19 and other viral respiratory illnesses in community settings. This course will provide you with practical guidance from the Centers for Disease Control and Prevention (CDC) for cleaning and disinfecting rooms or areas where those with confirmed COVID-19 have visited. The situation surrounding the COVID-19 pandemic is changing constantly, and the latest guidelines may vary state to state. Please refer to your local government resources, the Centers for Disease Control, and the World Health Organization (WHO) for the latest, up-to-date information.

Managing Stress and Anxiety
Coronavirus:
Managing Stress and Anxiety

Crises such as the COVID-19 outbreak can certainly induce an incredible amount of worry and stress on anyone. Stress is our body's way of responding to physical, emotional, or mental demands, such as those imposed by COVID-19 pandemic. This course discusses signs and symptoms of stress and explains the physical and emotional effects of built up stress, such as anxiety. This course also discusses stress management techniques, treatment options, and lifestyle changes to help alleviate stress during such difficult times.
