Appeal Information

The Financial Aid Office uses information from a student's FAFSA or WASFA application to create an initial financial aid package. Because the FAFSA and WASFA are based on tax and income information from prior years, we understand this information may not reflect your family's current financial circumstances. We have created this form to help you communicate your circumstances with our office, so we can potentially adjust your financial aid. It is helpful if you submit an appeal early in the financial aid process rather than waiting until you have received a financial aid offer letter in your email. If we can adjust your financial aid offer, we will notify you via your preferred email selected in ctcLink.

Instructions

- File a 2022-2023 FAFSA or WASFA using 2020 tax and income information
- Provide a brief description of your financial circumstances on the next two pages of this form
- Upload this appeal to the Financial Aid Office using our [secure document upload tool](#). Forms submitted via email will not be accepted for security reasons.
- After you submit this form, a financial aid staff member will email you at your preferred email listed in ctcLink. They will provide you with a list of documents you can provide to support your appeal. Requested documents must also be uploaded using our [secure document upload tool](#). **Your appeal cannot be processed and your aid cannot be adjusted until you provide the requested documents to our office.**
