Course Outline

Project Stakeholder and Communications Management

Effective communication is the glue that holds the project together, and managing stakeholders is arguably the greatest challenge a project manager faces. Learn your individual communications style and how it compares to others. Explore your own Emotional Intelligence. Discover how to effectively build, develop and manage a team. You'll also learn how to "manage up" and successfully influence difficult stakeholders. Price includes an *I Speak* questionnaire and manual.

Who Should Take This Course?

This course is for anyone who works with others and wants to maximize relationships and interactions. While the focus is on projects, effective communications, resource management and stakeholder management is a must for anyone who manages or works with people. Project managers and all will benefit from this practical class. This is the fourth required course in the Project Management Certificate.
