

Automotive Electrical Systems
Certificate of Proficiency
15 Credits

Recipients of the certificate achieve competencies set forth by the National Automotive Technicians Education Foundation (NATEF) and the National Institute for Automotive Service Excellence (ASE).

The major objective of this certificate program is to provide students opportunity to develop essential skills necessary for an entry-level position in the field of Automotive Electrical Systems repair.

Entry into the program is on a space-available basis with instructor's permission.

New students must show proof of a valid driver's license.
