Cambridge International Credit (CI)

Green River College will award unrestricted elective credit for a Cambridge (CI) score of E on A- and AS- level exams. Credit will be awarded on the basis of official CI results, not transcript notation. Credits granted for general education or major requirements will be specified by the receiving institution's CI credit policies; otherwise, elective credit will be granted. Students interested in transferring to four-year university should check the requirements of their target school to determine the best way to use their CI exams.
