The History Of The US/Iran Dispute: Where It's Been & Where It's Going

Wednesday, July 8 (1-3 PM)   Member Rate: $29 (P110)
Location: GRC Auburn Center with Rich Elfers   General Public Rate: $44 (P111)

How did the United States get into this conflict with Iran? The answer goes back to 1953 with the U.S. and British secret services overthrow of democratically elected Iranian Prime Minister Mossadegh. Iranian memories and dreams also go back thousands of years to the glory and splendor of the Persian Empire. Nations never forget their past greatness and their desire to return to their golden era. Join instructor Rich Elfers and find out where the U.S. and Iranian relations are headed.

Hone your skills in this natural learning environment with guidance by GRC Photography Instructor Gary McCutcheon. You will need your camera and camera manual for both sessions. This is designed with fun and learning in mind. Transporation provided.

The Pioneer History of Auburn, Kent & Enumclaw

Monday, August 17 (9-11 AM)   Member Rate: $29 (P140)
Location: GRC Enumclaw Center with Rich Elfers   General Public Rate: $44 (P141)

Writer Frank Herbert noted that "beginnings are very fragile" because what happens early on deeply affects what occurs later. This is certainly true of individuals as well as cities. Did you know Auburn was first called Slaughter? Kent was first called White River then Titusville and is now the 2nd largest city in King County? Are you aware of the logjam wars between Auburn and Puyallup over the route of the White River? Do you know how Enumclaw got its name and what part the railroad played in its founding? Find the answers to these questions and many more you are not aware of. Understanding these cities beginnings help us understand the geopolitical effects of location on our behaviors and attitudes.

ABOUT OUR COMPUTER AND TECHNOLOGY PROGRAMS

Prerequisites

Most computer classes list "prerequisites," which are the basic skills and knowledge students must have prior to taking the class. Instructors will not use class time to cover prerequisite material. If you have questions about prerequisites, please contact 253-833-9111 ext. 2535.

Textbooks

Many of our computer classes utilize textbooks. Textbooks will be distributed in class, unless otherwise noted. (Note: Some computer courses do not use textbooks.)

USB Flash Drive

We highly recommend bringing a USB flash drive (minimum 2GB) to computer classes, so you can save your files for review outside of class.

DATA SCIENCE

Data Analyst Certificate

Data Analysts help companies make informed decisions, improve efficiencies, increase profits and achieve organizational goals. In addition to analyzing and interpreting data, data analysts must also deliver their findings in easily digestible visuals.

Our in-person Data Analyst Certificate consists of eight required courses (divided into three parts) and can be completed in as little as three quarters. Earn the Certificate by taking the courses individually, or register for the Part 1, Part 2 and Part 3 Series and save.

Visit **greenriver.edu/ceCertificates** for course details.

Data Analyst Certificate Part 2: Python for Data Analysis

Python is a versatile and easy-to-use language that's used by data analysts for data mining and data analytics. Learn the basics of Python by exploring the variables, expressions, functions and classes. Create basic programming structures using decisions and loops. Create code for data processing using Pandas for analytics. For prerequisites and program details, visit greenriver.edu/ceCertificates. Fee: $549
